FELLOW CITIZENS: — In accordance with the law making towns furnish free text-books and supplies, you voted at your last annual meeting to raise \$500.00 for that purpose. We have made changes in text-books as follows: Readers, Spellers, Historys and Grammars. We have added Natural Philosophy to the list of studies in our more advanced schools. We have

been obliged to exceed the appropriation in order to meet the demand.

We have made some repairs and improvements on school-houses and grounds. Several of our school-houses need to be painted. It will be necessary to make some change in the heating arrangements in Division No 2.

Our schools as a whole, have been very successful. Some hard work has been done by pupils as well as teachers, and marked improvements have been made. We have a *very commendable* list of perfect attendants. A *few* show a lamentable want of interest by tardiness and non-attendance.

We regret that the town does not furnish facilities for more advanced studies. Many people are not able to send their children away to school, hence their education ends in the Grammar school. This is not as it should be in a town like this.

We have endeavored to get the latest and best text-books, so as to be abreast of the times in this respect.

No doubt we have made some mistakes, but our aim and object has been for the best interest of our schools, with what success you must be the judges.

Thanking all for their kind co-operation, we submit this report.
